SUMMARY

UI/UX and Frontend development enthusiast and fresh IT graduate focused on building scalable, high-performance web applications using React, Next.js, and TypeScript. Experienced in developing real-world dashboards, integrating REST APIs, and crafting user-centric interfaces with strong UI/UX principles. Proven ability to collaborate in agile environments, deliver under pressure, and translate complex requirements into clean, functional solutions.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, TypeScript, SQL

Frontend: React.js, Next.js, Tailwind CSS, Ant Design, Bootstrap, Zustand

Backend & APIs: Node.js, REST APIs, Supabase, Clerk

Tools: Github, Postman, VS Code, Figma, Unity

AI Tools: Github Copilot, Cursor, Windsurf, Codex, Claude, Kiro, Lovable

Concepts: Responsive Design, Component Architecture, State Management, Agile (Scrum)

EXPERIENCE

Web Application Developer (Freelance)

Aba Ceylon Tours & Travels

March 2026 – Present

Sri Lanka

- Developing a tourism web application using Next.js, React, and TypeScript.
- Built interfaces for tour packages, stays, and transport systems.
- Implemented trip planner and interactive map using MapLibre GL.
- Integrated WhatsApp, chatbot, and Clerk authentication.
- Handled multilingual support and structured scalable frontend architecture.
- Worked with Supabase backend and Zustand state management.

Frontend Developer (Intern)

Codezilla

Jan 2024 – Jan 2025

Sri Lanka

- Developed admin dashboards using React, Tailwind CSS, and REST APIs.
- Built UI components including tables, forms, and data visualizations.
- Collaborated with backend teams to improve API workflows.
- Optimized performance and enhanced user experience.
- Delivered features under tight deadlines with high code quality.

PROJECTS

9TAILED ERP SYSTEMS — Multi-Tenant SaaS Platform

- Designed and developed a multi-tenant ERP system for hospitality businesses, enabling multiple organizations to operate independently within a single platform.
- Implemented role-based access control (OWNER, MANAGER, STAFF) and organization-scoped data isolation with secure validation layers.
- Built advanced booking logic supporting hourly/daily billing, real-time availability checks, and automated payment status updates via database triggers.
- Developed real-time dashboards calculating occupancy and revenue using optimized queries and database views.
- Architected scalable frontend structure with separation of server/client logic and state management using Zustand.
- Utilized Supabase, PostgreSQL functions, and AI-assisted development tools to accelerate system design and implementation.

PortfolioCraft — No-Code Portfolio Builder

- Developed a browser-based no-code portfolio builder allowing users to create and export portfolios as PDF or standalone HTML.
- Implemented drag-and-drop functionality using @dnd-kit with dynamic section management and live editing capabilities.
- Built responsive 3-panel UI with real-time customization, theme switching, and design token-based styling.
- Implemented state persistence, undo/redo system, and export features using html2canvas and jsPDF.
- Built a streaming AI assistant (Gemini 3 Flash via edge function) that helps users with how-to questions and generates portfolio copy — taglines, bios, project descriptions — with token-by-token markdown rendering
- AI-assisted development

FitGenius Research Showcase — React + Vite

- Designed and developed a responsive research showcase website presenting an AI-driven fitness application concept.
- Implemented animated UI using Framer Motion and smooth navigation with optimized content structure.
- Showcased research involving ML-based body classification, workout recommendation systems, and real-time form tracking.

EDUCATION

Sri Lanka Institute of Information Technology
BSc (Hons) in Information Technology

Sri Lanka
Class Of 2026

CERTIFICATIONS

AWS Academy Graduate - Cloud Foundations - Training Badge

Microservices Architecture for Beginners

Chief - Coordinator of SLIIT Gaming Community

Diploma in English - ESOF Metro Campus

General Conversational English - The English Bank
